

250 MEMBERS LOOSES THEIR JOBS AT GE HYDRO IN LACHINE

September 26 2007

The management of GE Hydro convened the union representative to announce the closing of the factory in Lachine on June 2008.

450 employees wish 250 members of the IAMAW Local Lodge 1660 will be affected by this announcement.

"We want to find a solution to avoids the closing. We want to find partners that could by the factory in Lachine. The necessary steps will be done with the Fonds de solidarité FTQ" said the President Directing Business Representative of District 11 David Chartrand.

The two Business representative of District 11 that are taking care of the issues are Denis Longtin (representing the members of the factory) an Yves Raymond (representing the office members).

The Local Lodge 1660 has put together a committee to replace the members and the Business Representatives will meet with the management next week to discussed how they will proceed with the closong.

We can assure all the members that District 11 as made this issue is priority and everything will be put forward to try and save the members jobs.
